Planting Out Biennials & Planning

Apr. 9-10 /// Meadowlark Hearth; Scottsbluff, NE

Kick off the season with an hands-on intensive focused on care and rearing of biennial seed crops; carrots, brassicas, beets, etc. We'll cover basics about over-wintering whole plants and roots in a harsh climate, basic crop planning and isolation/population needs for Seed Work.

Blossom workshop: *See the biennials in bloom:*

July 9-10 /// Meadowlark Hearth; Scottsbluff, NE

Visit Meadowlark Hearth fields and take in the latest blooms of our annual and biennial seed crops! Topics to be covered include pollination, isolation requirements, and population size considerations. You'll be able see how trellising works for certain crops and visualize how Seed Work will integrate into your farm or garden.

3rd Annual Labor Day SEED FEST

Sept. 4-5 /// Meadowlark Hearth; Scottsbluff, NE

Welcome to our Celebration of Seed! An annual event where friends, family and local community come together to learn and share in our seed saving traditions. Always a hoot with a bean stomp and other fun threshing activities. This will be an exciting and welcoming atmosphere for beginners and experienced folk alike. Come Sunday for Seed technique classes.

Seed Production for Professional Farmers

Oct 1-2 /// Meadowlark Hearth; Scottsbluff, NE

This course is designed for experienced growers and farmers. We'll focus on seed production techniques, learn how to initiate & carry out seed contracts and figure out how to weave Seed onto a working farm. Come prepared with questions and expect many hands-on activities. You'll have the chance to see various small and mid-scale tools.
